citatiezoeken

je hebt een goed artikel of goede webpagina over je onderwerp
twee manieren om op basis daarvan verder te zoeken;

- volg verwijzingen "met de stroom mee"
dat is eenvoudig:
 - in document genoemde referenties opzoeken
 - in digitaal artikel "reference link" aanklikken
 - in web-pagina links aanklikken
- zwem "tegen de stroom in":
waar wordt naar dit document verwezen?
daarvoor heb je hulpmiddelen nodig:
 - citatieindex in artikelen-database
 - backlink zoekmogelijkheid bij zoekmachine
 - Altmetric hulpmiddel voor mentions in sociale media

citatiezoeken

je kent een goed artikel over je onderwerp
in welke latere artikelen is dat aangehaald/"geciteerd"?
die zullen dan vaak ook relevant zijn voor het onderwerp

- ✦ omdat ze op dat artikel voortborduren,
 - ✦ omdat ze een andere invalshoek kiezen,
 - ✦ omdat ze het tegenspreken,
 - ✦
- soms bij digitale versie van artikel bij uitgever
 - in beperkte mate in PsycInfo
 - citatie-index in multidisciplinaire databases Web of Science en Scopus
 - citaties in Google Scholar
